DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 17, 18 and 26 are rejected under 35 U.S.C. 103(a) as being unpatentable over Crow et al. (U.S. Patent 6,189,864).

Crow et al. teach a clutch handler assembly, comprising : Regarding Claim 17, means for loading (68) a clutch onto a head assembly supported by a lift arm, means for lifting (22) the head assembly from a substantially horizontal plane to substantially vertical plane, means for moving (20, 24) the clutch handler assembly from a substantially horizontal position to a substantially vertical position (Figs 1-9; col. 2, line 66 - col. 4, line 63);

Crow et al. fail to teach means for lifting the head assembly without any manual assistance but it would have been an obvious matter of design choice and it is well settled that it is not "invention" to broadly provide a mechanical or automatic means to replace manual activity which has accomplished the same result. *In re Rundell*, 18 CCPA 1290, 48 F. 2d 958, 9 USPQ 220.

Regarding Claim 18, the means for loading is splined shaft (68) connected to the head assembly; and

Regarding Claim 26, the head assembly has an adjusting screw (80) mounted thereon for vertical movement the substantially vertical position (Fig. 6).

Allowable Subject Matter

3. Claims 1-11 are allowed.
4. Claims 19-25 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

5. Applicant's arguments filed 8/28/03 have been fully considered but they are not persuasive. See above Office action.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
